

COMUNICACIONES

Año 2024

- Mrich, H., Castillo, S., Gil, M., Matos-Pita, S.S., Suárez, J., Ramil, F., Ramos, A. 2024. Vulnerable Marine Ecosystems in Moroccan waters. IX International Symposium on Marine Sciences, Valencia (Spain), 10-12th July 2024.
- Moctar, S.M.M. & El Vadhel, H. 2024. Biodiversité et habitats profonds de la ZEEM: focus sur la zone du GTA. Tables Rondes Enjeux de Gestion Biodiversité Marine et Côte Mauritaine Nouakchott (Mauritania), 23-24 Janvier 2024.
- Ramos, A., Ramil, F. & EcoAfrik Team. 2024. Mauritania. La biodiversité marine la mieux connue d'Afrique de l'Ouest: Progress et défis. Tables Rondes Enjeux de Gestion Biodiversité Marine et Côte Mauritaine, Nouakchott (Mauritania), 23-24 Janvier 2024.
- Ramos, A., Ramil, F. & EcoAfrik Team. 2024. Vers une approche de gestion écosystémique pour la conservation de la biodiversité du Golfe d'Arguin. Conseil Scientifique du Parc National du Banc d'Arguin, Iwik (Mauritania), 17-19 juillet, 2024.

Año 2023

- Gil, M. & Ramil, F. 2023. Hydroids from Northwest Africa: What do they tell us? Paper presented at 10th Workshop of the Hydrozoan Society. Bergen (Norway), 7-13 Mai 2023.
- Gil, M. & Buhl-Mortensen, P. 2023. Discovering the first hydroid "gardens" in Norway. Paper presented at 10th Workshop of the Hydrozoan Society. Bergen (Norway), 7-13 Mai 2023.
- Gil, M. 2023. Recent discoveries on Arctic benthic hydroids. Trends and opportunities in Polar Hydrozoa research, satellite meeting of the 10th Workshop of the Hydrozoan Society, Bergen (Norway), 7-13 Mai 2023.
- Moctar, S.M.M. 2023. Cold-water coral reefs in the Mauritania/Senegal region. Symposium Scientifique CCLME, Bissau, 20-22 Novembre 2023.
- Ramos, A., Ramil, F., Freiwald, A., Moctar, S.M.M. & EcoAfrik team. 2023. Biodiversité et Habitats benthiques de la Mauritanie, que connaissons-nous et que reste-t-il à faire?. Paper presented at Dixième Groupe de Travail IMROP. Nouadhibou (Mauritania), 20-24 Février 2023.
- Ramos, A., Ramil, F., Moctar, S.M.M. & EcoAfrik team. 2023. EcoAfrik: 20 années de recherche et formation sur le benthos en Afrique du Nord-Ouest. Poster presented at Dixième Groupe de Travail IMROP. Nouadhibou (Mauritania), 20-24 Février 2023.

Ramos, A., Ramil, F., Moctar, S.M.M., & EcoAfrik team. 2023. De quoi parle-t-on quand on parle de biodiversité côtière et marine dans la sous-région nord-ouest africaine?. Symposium Scientifique International MAVA, Dakar (Senegal) 8-10 Mai 2023.

Año 2022

Antolínez, H., Koivogui, R., Cardoso, N.A., Gil, M. 2022. R/V Dr Fridtjof Nansen Leg 2.1 Guinea - Mauritania. Benthos general overview. CCLME Fridtjof Nansen Survey, on board, marzo 2022.

Freiwald, A., Ramos, A., Ramil, F., Beibou, E. 2022. Sur la biodiversité de la ZEE mauritanienne. Faits, nouvelles découvertes et avenir. Atelier scientifique international sur Bellaât, Iwik (Mauritanie), 27-29 mai 2022.

Luna, A., Perales-Raya, C., Rocha, F., Ramos, A. 2022. Cephalopods of the Canary Current Large Marine Ecosystem (North-West Africa): A glimpse of its biogeography & biodiversity. Paper presented at the Cephalopoda International Advisory Council. Sesimbra (Portugal), 2-8 April 2022.

Ramos, A., Ramil, F. & EcoAfrik Team. 2022. Biodiversité et habitats vulnérables: un immense trou noir dans le connaissance scientifique pour une gestion durable des eaux du Sénégal. Paper presented at the Tables rondes "Hydrocarbures et développement durable/soutenable". Dakar (Senegal), 4-5 Octobre, 2022.

Año 2021

Gil, M. 2021. Taxonomy today. Hydrozoa as study case. Paper presented at the Norges Arktiske Universitet de Tromso. Tromso (Norway), 21 september 2021.

Luna, A., Rocha, F., Ramos, A., Perales-Raya, C. 2021. Cephalopods from the Canary Current Upwelling Ecosystem (CCLME, Northwest Africa). Paper presented at the V Congreso ConserBio, Biodiversidad y Conservación de la Naturaleza, Málaga, 16-19 septiembre 2021.

Año 2020

Ramos, A. & EcoAfrik Team. 2020. EcoAfrik. Expanding the UE strategy to African Atlantic countries. A pioneering long-term cooperation project for research and conservation of marine biodiversity and habitats in Northwest Africa. Atlantic Stakeholders Platform Conference. Atlantic Action Plan, Virtual exhibition, 19 November 2020.

Ramos, A., Ramil, F. 2020. Understanding the content of SWG proposal and associated cost estimate. Biodiversity Action Plan for the Greater Tortue Ahmeyim Gas project. Paper presented at the BP – Scientists Meeting. Online November 24, 2020.

Año 2019

- Luna, A., Rocha, F. & Ramos, A. 2019. Cephalopods from the Canary Current upwelling ecosystem (Northwest Africa). Paper presented at the 20th Iberic Symposium on Marine Biology. Braga (Portugal), 9-12 September, 2019.
- Moctar, S.M.M., Ramos, A., Matos-Pita, S.S., Ramil, F. & Krakstad, J.-O. 2019. Diversity and structure of decapod communities in the changing hydrological scenario of the Mauritanian shelf and upper slope. Paper presented at the African Conference of Blue Economy. Suez University (Egypt), 10-13 September 2019.
- Ramos, A. & Ecoafrik Team. 2019a. EcoAfrik, an unique opportunity for capacity-building on the study and conservation of biodiversity and marine habitats in Africa. Paper presented at the Annual Coordination Meeting LDAC – ATLAFCO/COMHAFAT. Bilbao ((Spain), 12 february, 2019.
- Ramos, A., Ramil, F. & Ecoafrik Team. 2019b. Biodiversity and habitats in Mauritanian continental margin: Results of Maurit surveys. Paper presented at the 9th Working Group IMROP ‘Management of fishery resources and biodiversity for sustainable development’. Nouadhibou, 11-14 February, 2019.
- Ramos, A., Ramil, F. & Ecoafrik Team. 2019c. EcoAfrik: Una oportunidad única para la creación de capacidades en el estudio y conservación de la biodiversidad y los hábitats marinos en África. Paper presented at the INTERMARES Project Meeting. Spanish Secretary of Marine Fishing, Madrid (Spain), 12 Junio, 2019.

Año 2018

- Agudo, L.M., Sanz, J.L. & Ramos, A. 2018. Development of a geo-referenced database and production of regional maps on biodiversity and habitats in the CCLME area. Paper presented at the Workshop for experts and database transfer on Geographic Information Systems (GIS) CCLME Area. Dakar (Senegal), 18-22 June 2018.
- Antolínez, H., Ramos, A. & Ramil, F. 2018. Pycnogonids from deep-sea waters off Mauritania (Northwest Africa). Poster presented at the VI International Symposium on Marine Sciences. Vigo (Spain), 20-22th June 2018.
- Calero, B., Ramos, A. & Ramil, F. 2018. Echinodermata (Ophiuroidea and Holothuroidea) from Northwest Africa. Poster presented at the VI International Symposium on Marine Sciences. Vigo (Spain), 20-22th June 2018.
- Castillo, S., Ramil, F. & Ramos, A. 2018. Biodiversity and distribution of prosobranchs from Northwest Africa. Paper presented at the VI International Symposium on Marine Sciences. Vigo (Spain), 20-22th June 2018.
- Gil, M., Ramil, F. & Ramos, A. 2018. Hydroids (Cnidaria, Hydrozoa) from Northwest Africa. Poster presented at the VI International Symposium on Marine Sciences, Vigo (Spain), 20-22th June 2018.

- Moctar, S.M.M. 2018. Benthic biodiversity in the shelf and upper slope off Mauritania. Paper presented at the 11th Maghreb Congress on Marine Sciences. Nouakchott (Mauritania), 16-18 November, 2018.
- Ramos, A., Ramil, F. & EcoAfrik Team. 2018a. The EcoAfrik Project: 15 years studying marine biodiversity and habitats in Africa's deep-waters. Paper presented at the Our Atlantic Ocean for Growth and Well-Being. Mindelo (Cabo Verde), 21-22 November 2018.
- Ramos, A., Ramil, F. & EcoAfrik Team. 2018b. Habitat mapping and benthic communities in Africa. The particular case of Mauritania. Paper presented at the EAF-Nansen Workshop on Habitat Mapping. Roma (Italy), 4-6 December 2018.
- Ramos, A., Ramil, F. & EcoAfrik Team. 2018c. The EcoAfrik Project: 15 years studying marine biodiversity and habitats in Africa's deep-waters. Paper presented at the EAF-Nansen Workshop on Habitat Mapping. Roma (Italy), 4-6 December 2018.
- Ramos, A., Ramil, F. & EcoAfrik Team. 2018d. MPAs network in Mauritania slope. Implementing a science-based conservation plan in deep-water Areas Within National Jurisdiction. Paper presented at the EAF-Nansen Workshop on Habitat Mapping. Roma (Italy), 4-6 December 2018.
- Ramos, A., Ramil, F. & EcoAfrik Team. 2018e. Advances in the understanding of benthic fauna in the CCLME Region. Paper presented at the CCLME Symposium. Banjul (The Gambia), 11 December 2018.
- Ramos, A. & Ramil, F. 2018a. The knowledge on biodiversity and benthic habitats in the CCLME Region. Paper presented at the Working Group on Biodiversity, habitats and water quality CCLME. Dakar (Senegal), 18-22 June 2018.
- Ramos, A. & Ramil, F. 2018b. The application of Ecosystem Approach to Fisheries in the CCLME. Reality or a scientific fantasy? Paper presented at the Expert Workshop on ecosystem characterization. EAF-Nansen Programme-FAO. Roma (Italia), 21-23 August 2018.
- Ramil, F. & Ramos, A. 2018. Filling a gap: Improving knowledge and capacities in the CCLME Region. Paper presented at the Expert Workshop on ecosystem characterization. EAF-Nansen Programme-FAO. Roma (Italia), 21-23 August 2018.

Año 2017

- Moctar, S.M.M., Ramos, A. & Ramil, F. 2017. The CCLME Regional Surveys. First results on biodiversity. Paper presented at the Workshop on the biodiversity of Oceanic Mauritanian waters. Nouadhibou (Mauritania), 4-6 December 2017.
- Muñoz, I., García-Isarch, E., Fernández-Peralta, L. & dos Santos, A. 2017. Distribution and abundance of the deep-water rose shrimp *Parapenaeus longirostris* larvae off Mauritanian waters (North-West Africa). Poster presented at the Mid-year Meeting of The Crustacean Society. Barcelona (Spain), 19-22 junio 2017.

Muñoz, I. & García-Isarch, E. 2017. The collection of decapod and stomatopod crustaceans of the Cádiz Oceanographic Center: an open tool for studies on systematic, phylogeny and biogeography. Poster presented at the Mid-year Meeting of The Crustacean Society. Barcelona (Spain), 19-22 junio 2017.

Ramil, F. 2017. Biodiversity and habitats in Mauritanian continental margin: Results of Maurit Surveys. Paper presented at the Workshop on the biodiversity of Oceanic Mauritanian waters. Nouadhibou (Mauritania), 4-6 December 2017.

Ramos, A., Ramil, F. & González-Porto, M. 2017a. Is the Gibraltar Strait the real southern boundary for Northeast Atlantic sponges? Poster presented at the 10th World Sponges Conference. Galway (Ireland), 25-30 June 2017.

Ramos, A. & Ramil, F. 2017a. Écosystèmes Marines Vulnérables de la Mauritanie. État des connaissances scientifiques. Paper presented at the Groupe Travail bilatéral IMROP – IEO. Madrid (Spain), 11-12 September 2017

Ramos, A. & Ramil, F. 2017b. The bottom trawling campaigns as source of knowledge on marine biodiversity and habitats. The example of Maurit surveys. Paper presented at the Workshop on the biodiversity of Oceanic Mauritanian waters. Nouadhibou (Mauritania), 4-6 December 2017.

Ríos, P., González-Porto, M., Ramil, F. & Ramos, A. 2017b. Large-scale distribution of bird's nest sponge *Pheronema carpenteri* (Thomson, 1869) along Northwest African slope. Poster presented at the 10th World Sponges Conference. Galway (Ireland), 25-30 June 2017.

Año 2016

Calero, B. 2017. Biodiversity of echinoderms in Mauritania. Paper presented at the Senckenberg Meeting (collaboration stay). Wilhelmshaven (Germany), 10 July 2017.

Almón, B., Cuesta, J.A. & García-Isarch, E. 2016. Study on the distribution of different species of *Aristeus* and *Solenocera* (Crustacea:Decapoda:Penaeoidea) along the African coast, based on the specimens from stock assessment cruises. Poster presented at the V International Symposium on Marine Sciences, Alicante (Spain), 20-22 July 2016.

Beuck, L., Aguilar, R., Fabri, M., Freiwald, A., Gofas, S., Hebbeln, D., López Correa, M., Ramos, A., Ramil, F., Sánchez Delgado, F., Taviani, M., Wienberg, C., Wissak, M. & Zibrowius, H. 2016. Biotope characterisation and compiled geographical distribution of the deep-water oyster *Neopycnodonte zibrowii* in the Atlantic Ocean and Mediterranean Sea. Paper presented at the 41th CIESM Congress. Kiel (Germany), 12-16 September 2016.

Calero, B., Ramil, F. & Ramos, A. 2016. Biodiversity of echinoderms in Northwest Africa. Paper presented at the 9th European Conference in Echinoderms, Sopot (Polonia), 17-19 September 2016.

Castillo, S., Ramil, F., Mohamed Moctar, S.M. & Ramos, A. 2016. Contribution to the knowledge of prosobranchs of Mauritanian deep-waters (Northwest Africa). Poster presented at the XIX Simposio Ibérico de Estudios de Biología Marina. Porto (Portugal), 5-9 septiembre 2016.

Gil, M. & Ramil, F. 2016a. Hydroids from Guinean Bissau waters (north-west Africa). Poster presented at the XIX Simposio Ibérico de Estudios de Biología Marina. Porto (Portugal) 5-9 septiembre 2016.

Gil, M. & Ramil, F. 2016b. Hydrozoan diversity from Western Sahara and Atlantic coast of Morocco. Poster presented at the XIX Simposio Ibérico de Estudios de Biología Marina. Porto (Portugal) 5-9 septiembre 2016.

Jesús, N. de, Matos-Pita, S.S. de, Ramil, F. & Ramos, A. 2016. Biodiversity of Decapoda in Guinea-Bissau waters. Poster presented at the XIX Simposio Ibérico de Estudios de Biología Marina. Porto (Portugal), 5-9 septiembre 2016. Front. Mar. Sci. Conference Abstract. doi: 10.3389/conf.FMARS.2016.05.00146

Luna, A., Rocha, F. & Ramos, A. 2016. Ampliación del rango de distribución de Abralia (*Asteroteuthis*) siedleckyi en aguas de Mauritania (CCLME, Gran Ecosistema Marino de la Corriente de Canarias). Poster presented at the V International Symposium on Marine Sciences. Alicante (Spain) 20-22 July 2016.

Matos-Pita, S.S. de & Ramil, F. 2016a. Deep water marine lobsters and lithodids (Crustacea: Decapoda) from Mauritania (NW Africa) collected by the Spanish Maurit surveys. Poster presented at the XIX Simposio Ibérico de Estudios de Biología Marina. Porto (Portugal), 5-9 septiembre 2016.

Matos-Pita, S.S. de, Sampaio, I., Castillo, S., Freiwald A. & Ramil, F. 2016b. First record of the deep sea fan species *Thesea talismani* Grasshoff, 1986 (Anthozoa: Octocorallia: Paramuriceidae) off Mauritania (Northwest Africa). Poster presented at the XIX Simposio Ibérico de Estudios de Biología Marina. Porto (Portugal), 5-9 septiembre 2016.

Moctar, S.M.M. 2016. Benthos de la Mauritanie. Bilan des activités 2014-2016 (partie de l'IMROP). Paper presented at the 5ème Réunion du Groupe de Travail sur la planification et l'analyse des campagnes écosystémiques de la zone CCLME. Praia (Cabo Verde), 26-29 September 2016.

Neves, K., Matos-Pita, S.S. de, Ramil, F. & Ramos, A. 2016. Contribution to the knowledge of the decapods from Cape Verde Islands. Poster presented at the XIX Simposio Ibérico de Estudios de Biología Marina, Porto (Portugal), 5-9 septiembre 2016.

Neves, K., Ramos, A., Ramil, F. 2016. The benthos from Cabo Verde. Stays report (2015, 2016). Paper presented at the 5ème Réunion du Groupe de Travail sur la planification et l'analyse des campagnes écosystémiques de la zone CCLME. Praia (Cabo Verde), 26-29 September 2016.

Ramos, A. 2016. Écosystèmes Marines Vulnérables en COPACE. Qu'est-ce que nous connaissons? Paper presented at the Deep-sea fisheries and Vulnerable Marine

Ecosystems in the high seas areas of the Eastern Central Atlantic (CECAF). FAO-CECAF, Dakar (Senegal), 8-10 noviembre 2016.

Ramos, A., Freiwald, A., Ramil, F. Beuck, L. & Agudo, L.M. 2016a. Écosystèmes Marins Vulnérables de la Mauritanie. Base scientifique pour sa protection. Managers Meeting on Vulnerable Marine Ecosystems of Mauritania. International Union for Conservation of Nature (IUCN). Nouakchott, 18-19 November 2016.

Ramos, A., Ramil, F. & EcoAfrik Team. 2016a. Le benthos du CCLME. Bilan des activités de recherché. Paper presented at the 5ème Réunion du Groupe de Travail sur la planification et l'analyse des campagnes écosystémiques de la zone CCLME. Praia (Cabo Verde), 26-29 September 2016.

Ramos, A., & Ramil, F. 2016. State of knowledge on benthos in the CCLME Region. Paper presented at the EAF-Nansen Programme 2017-2021. Praia (Cabo Verde) 30 September - 1 October 2016.

Año 2015

Calero, B., Ramil, F. & Ramos, A. 2015a. First records of dense aggregations of suspension-feeder brittle-stars in Northwest Africa: Could they be directly linked to upwelling phenomena? Poster presented at the 14th Deep-Sea Biology Symposium, Aveiro (Portugal) 31 August – 4 September 2015.

Calero, B., Ramil, F. & Ramos, A. 2015b. Echinoderm assemblages of Mauritanian slope. Poster presented at the 14th Deep-Sea Biology Symposium. Aveiro (Portugal) 31 August – 4 September 2015.

Castillo, S., Ramil, F., Mohamed Moctar, S.M. & Ramos, A. 2015. Deep-sea prosobranch molluscs in Northwest Africa. Poster presented at the 14th Deep-Sea Biology Symposium, Aveiro (Portugal) 31 August – 4 September 2015.

Gil, M. & Ramil, F. 2015. Soft-bottom hydroids: distribution and colonization patterns in the Mauritanian slope. Poster presented at the 14th Deep-Sea Biology Symposium. Aveiro (Portugal), 31 August – 4 September 2015.

Gil, M., Rodríguez, I., Pereira, E. & Ramil, F. 2015. Benthic hydroids from North-east Atlantic seamounts. Poster presented at the 14th Deep-Sea Biology Symposium. Aveiro (Portugal), 31 August – 4 September 2015.

Ramil, F., Matos-Pita, S.S. de, Gil, M., Castillo, S. & Ramos, A. 2015. Deep-sea cnidarians of Northwest Africa: Distribution patterns. Poster presented at the 14th Deep-Sea Biology Symposium, Aveiro (Portugal), 31 August – 4 September 2015.

Ramos, A., Ramil, F. & EcoAfrik Team. 2015. Upwelling phenomena: the main driver of the latitudinal diversity pattern in Northwest Africa? Paper presented at the 14th Deep-Sea Biology Symposium. Aveiro (Portugal) 31 August – 4 September 2015.

Ramil, F., Sanz, J.L., Agudo, L.M. & Ramos, A. 2015. Ecosystems of the Mauritanian slope: an overview. Paper presented at the 14th Deep-Sea Biology Symposium, Aveiro (Portugal) 31 August – 4 September 2015.

Rocha, F., Fernández-Gago, R., Alonso, R. & Ramil, F. 2015. Deep sea benthic octopuses from Mauritanian waters: bring to light the *Musoctopus* and *Bathypolypus* species. Poster presented at the 14th Deep-Sea Biology Symposium. Aveiro (Portugal), 31 August–4 September 2015.

Año 2014

- Calero, B., Ramil, F. & Ramos, A. 2014. The echinoderms of Mauritanian deep bottoms. Paper presented at the XVIII Simposio Ibérico de Estudios de Biología Marina. Gijón (Spain), 2-5 Septiembre 2014.
- Calero, B., Ramil F. & Ramos A. 2014. Deep-sea Holothuroidea off Mauritania. Poster presented at the V International Symposium on Marine Sciences. Las Palmas de Gran Canaria (Spain), 11-13 Julio 2014.
- Castillo, S., Matos-Pita, S.S. de & Ramil, F. 2014. Decapod assemblages in deep Mauritanian waters. Poster presented at the V International Symposium on Marine Sciences. Las Palmas de Gran Canaria (Spain), 11-13 Julio 2014.
- Castillo, S., Ramil, F. & Ramos, A. 2014. Composición y distribución de la fauna bentónica en aguas profundas de Mauritania. Paper presented at the XVIII Simposio Ibérico de Estudios de Biología Marina, Gijón (Spain), 2-5 Septiembre 2014.
- Fernández-Gago, R., Rocha, F., Ramil, F., Ramos, A. 2014. Cephalopods in shelf and slope Mauritanian waters during Spanish-Mauritanian oceanographic cruises. Poster presented at the 2nd International Ocean Research Conference. Barcelona (Spain), 17-21 November 2014.
- Gil, M., Ramil, F. & Ramos, A. 2014. Hydrozoans from Mauritanian deep waters. Paper presented at the XVIII Simposio Ibérico de Estudios de Biología Marina. Gijón (Spain), 2-5 Septiembre 2014.
- Gil, M., Ramil, F. & Ramos, A. 2014. Mauritanian deep-water Plumularioidea (Cnidaria, Hydrozoa). Poster presented at the V International Symposium on Marine Sciences. Las Palmas de Gran Canaria (Spain), 11-13 Julio 2014.
- Willassen, E., García-Isarch, E. & Matos-Pita, S.S. de. 2014. DNA-barcoding Decapoda and Stomatopoda from West-Africa. Poster presented at the 8th International Crustacean Congress (ICC-8). Frankfurt am Main (Germany), August 18-23, 2014.
